1 DAY. 1 RIVER. 40+ LOCATIONS.

Sweep the Hooch is an annual day of service to the Chattahoochee River – join us in giving back to the mighty river that gives us so much. Since 2011, Sweep the Hooch has mobilized more than 4,500 volunteers to remove more than 80 TONS of trash from the Chattahoochee and its tributaries.

Volunteers are invited to go by foot, in waders, or atop a kayak or canoe to remove trash throughout the watershed. CRK provides gloves, trash bags, trash removal and recycling, restroom facilities, and team lead support.
