

2021 Sweep the Hooch Site List

These 2021 Sweep the Hooch sites are sorted by the city name and then the site name. Please review prior to registering to ensure you select the site you prefer. Each site has a capacity based on the project and will close when that capacity is reached.

We welcome teams, but all volunteers must register individually. This event is perfect for groups such as companies, schools, clubs, etc. We can only reserve group spots at specific sites for paid sponsors, but you are encouraged to gather your friends, choose a site together, and register early. During the registration process, enter your team name and we will do our best to keep your team together before volunteer spots for your chosen site reach capacity.
